

Identification

Product name: Parterre Lateral™ Adhesive

Manufacturer or supplier's details Company name of supplier: Parterre Flooring Systems

Address: 500 Research Drive, Wilmington MA, 10887

Telephone: 978-203-5400

Emergency telephone number: (CHEMTREC): (800) 424-9300 (CHEMTREC International): (703) 527-3887

Hazard(s) Identification

GHS Classification Not a hazardous substance or mixture. GHS Label element Not a hazardous substance or mixture.

Other hazards None known.

Composition/information on Ingredients

Hazardous components No hazardous ingredients This adhesive contains 0 g/L VOC (Volatile Organic Compounds).

First-Aid Measures

If inhaled: Move to fresh air in case of accidental inhalation of vapors. Oxygen or artificial respiration if needed. Call a physician or poison control center immediately.

In case of skin contact: Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. If skin irritation persists, call a physician.

In case of eye contact: In case of eye contact, remove contact lens and rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Keep eye wide open while rinsing. Seek medical advice.

If swallowed: Do not induce vomiting without medical advice. If conscious, drink plenty of water. Never give anything by mouth to an unconscious person.

Most important symptoms and effects, both acute and delayed: None known.

Fire Fighting Measures

Personal precautions, protective equipment and emergency procedures: Use personal protective equipment. Ensure

adequate ventilation. Material can create slippery conditions. Use non-slip safety shoes in areas where spills or leaks can occur.

Environmental precautions: Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Do not allow contact with soil, surface or ground water. Do not allow uncontrolled discharge of product into the environment.

Methods and materials for containment and cleaning up: Dam up. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Sweep up and shovel. Pick up and transfer to properly labelled containers.

Clean contaminated floors and objects thoroughly while observing environmental regulations.

Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow to enter sewers/ surface or ground water.

Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose of contaminated material as waste in accordance with federal state and local regulations. Ensure adequate ventilation.

Reference to other sections See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

Protective Action Criteria for Chemicals

PAC-1: None of the ingredients is listed

PAC-2: None of the ingredients is listed

PAC-3: None of the ingredients is listed

Handling and Storage

Advice on protection against fire and explosion: The product is not flammable. No special protective measures against fire required.

Advice on safe handling: Wear personal protective equipment. Handle with care. Take care to avoid waste and spillage when weighing, loading and mixing the product.

Conditions for safe storage: No smoking. Keep in properly labelled containers. Observe label precautions. Keep containers tightly closed in a dry, cool and well-ventilated place.

Materials to avoid: Do not freeze. Keep away from food and drink. Keep away from tobacco products.

Recommended storage temperature: 4 - 43 °C

Exposure Controls/Personal Protection

Components with workplace control parameters Contains no substances with occupational exposure limit values.

Engineering measures: Handle only in a place equipped with local exhaust (or other appropriate exhaust). Maintain air concentrations below occupational exposure standards.

Personal protective equipment Respiratory protection: No personal respiratory protective equipment normally required.

When workers are facing concentrations above the exposure limit, they must use appropriate certified respirators. Use NIOSH approved respiratory protection.

Hand protection material: Impervious gloves

Eye protection: Safety glasses with side-shields Tightly fitting safety goggles Face-shield

Skin and body protection: Chemical resistant apron Footwear protecting against chemicals Skin should be washed after contact. Change working clothes after each work shift.

Protective measures: Avoid contact with skin. When using do not eat, drink or smoke. Personal protective equipment comprising: suitable protective gloves, safety goggles and protective clothing The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Hygiene measures: Do not smoke. Keep away from food and drink. Avoid contact with skin, eyes and clothing. Change working clothes after each work shift. Remove and wash contaminated clothing and gloves, including the inside, before re-use.

Physical and Chemical Properties

Information on basic physical and chemical properties

Appearance: liquid

Colour: white

Odor: mild, characteristic

pH: No data available

Melting point/range: No data available

Boiling point/boiling range: 212 °F

Flash point: > 212 °F

Vapor pressure: No data available

Density: No data available

Bulk density: 8.2 lb./gal

Solubility(ies)

Water solubility: dispersible

Solubility in other solvents: Not applicable

Partition coefficient: noctanol/water

Explosive properties: Not applicable

Stability and Reactivity

Reactivity: Stable

Possibility of hazardous reactions: Stable under recommended storage conditions.

Conditions to avoid: Protect from frost.

Incompatible materials: Oxidizing agents, strong acids and strong bases

Hazardous decomposition products: Carbon dioxide (CO₂), carbon monoxide (CO), oxides of nitrogen (NO_x), dense black smoke.

Toxicological Information

Information on toxicological effects

Acute toxicity

Product: Acute oral toxicity

Remarks: This information is not available.

Acute inhalation toxicity

Remarks: This information is not available.

Acute dermal toxicity

Remarks: This information is not available

Skin corrosion/irritation

Remarks: This information is not available

Serious eye damage/eye irritation

Remarks: This information is not available.

Respiratory or skin sensitization

Remarks: This information is not available.

Carcinogenicity IARC

No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

OSHA

No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

NTP

No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

Ecological Information

Ecotoxicity of Product: Toxicity to fish

Remarks: No data available

Toxicity to daphnia and other aquatic invertebrates

Remarks: No data available

Toxicity to algae

Remarks: No data available

Persistence and degradability: No data available

Bio accumulative potential: No data available

Mobility in soil: No data available

Other adverse effects: No data available

Disposal Considerations

Recommendation: Must be specially treated adhering to official regulations

Uncleaned packaging:

Recommendation: Disposal must be made according to official regulations

Transport Information

International Regulation

UNRTDG

Not regulated as a dangerous good

IATA-DGR

Not regulated as a dangerous good

IMDG-Code

Not regulated as a dangerous good Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code Not applicable for product as supplied.

National Regulations

49 CFR

Not regulated as a dangerous good

49 CFR

Not regulated as a dangerous good

Regulatory Information

SARA 302

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 313

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

California Prop 65

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

TSCA

All components of this product appear on the Inventory of Chemical Substances published by the U.S. Environmental Protection Agency (EPA) under the authority of the Toxic Substances Control Act (TSCA).

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
