

Lacey Act Compliance

Parterre Flooring (a brand of AHF Products) is committed to acquiring all wood and wood products legally and in full compliance with all applicable laws and regulations, including without limitation the applicable laws and regulations of the country of harvest, the country of manufacture, the country of destination and any country of transit.

Parterre therefore conforms in all aspects to the requirements of the federal Lacey Act (16 U.S.C. §§ 3371 et seq.), and also requires compliance by all of its Suppliers. Such compliance necessitates the provision of the scientific name of any plant (including the genus and species of the plant) from which the products have derived; a description of the value of the shipment of products and the quantity, including the unit of measure; and the name of the country from which the products were taken.
